MESSAGE FROM OUR CHAIRMAN

By working as a team, collaborating, innovating and acting together, we can build new opportunities for tomorrow.

Bonfiglioli is fully committed to serving customers and meeting their needs. Today, we can look forward to the future with confidence. Our customers’ trust and loyalty make us proud to be their day-to-day partner and give us the strength we need to face new challenges.

“We work in a sector for which the main drivers are technology and innovation.

Our ability to adapt, our unconditional commitment to improvement, and our willingness to go that extra mile alongside our customers make me believe that we are on the right road for further growth.”
OUR MISSION AND OUR VALUES

“We have a relentless commitment to excellence, innovation and sustainability.

Our team creates, distributes and services world-class power transmission and drive solutions to keep the world in motion.”

CHALLENGE
We search for limits, then overcome them through innovative ideas, cutting-edge products, and unrivaled performance.

RESPECT
We explore different cultures, religions, and experiences to turn diversity into a resource and pursue sustainable economic growth in harmony with the environment.

ACCOUNTABILITY
We put our heart into everything we do, to improve ourselves and set an example for others, because the efficiency of a team begins with that of the individuals in it.

WINNING TOGETHER
We foster talent to generate and share the knowledge that leads to success.
THE BONFIGLIOLI WORLD
FROM YESTERDAY TO TOMORROW
Bonfiglioli was founded in 1956 by a man of great vision, Clementino Bonfiglioli, who led the company for 55 years.

Clementino Bonfiglioli created the first worm gearbox and went on to develop and patent a 2-stage planetary gearbox. He never stopped devising new ways to offer the market better products, solutions and services.
A FAMILY STORY

TODAY, BONFIGLIOLI IS STILL A FAMILY-OWNED COMPANY, LED BY SONIA BONFIGLIOLI, CLEMENTINO’S DAUGHTER.

Sonia Bonfiglioli succeeds admirably in managing the rational world of business and the passionate world of family. She strongly supports innovation and encourages employees to think boldly, take up challenges and contribute to the company’s culture of excellence.
We are a family-run Italian company with a global presence. Thanks to our worldwide network, we can accompany customers everywhere and always. Our three Business Units, Discrete Manufacturing & Process Industries, Mechatronic & Motion Systems and Mobile & Wind Industries, embody all the know-how and experience needed to support our customers’ growth.
WHO WE ARE TODAY

We design, manufacture and distribute effective and tailored solutions for all kinds of applications in industrial automation, mobile machinery and wind energy.

Our solutions are based on a wide range of products including gearmotors, drive systems, planetary gearboxes and inverters.

Bonfiglioli solutions impact all aspects of daily life, from the food we consume, to the roads we drive on, the clothes we wear, and the light that illuminates our homes. Our solutions keep the world in motion.
THE BONFIGLIOLI WORLD FROM YESTERDAY TO TOMORROW

- Developing new products & solutions
- Offering top-quality products
- Enhancing flexibility
- Reducing time-to-market
- Expanding our global network

Forever Forward
Bonfiglioli is still growing. Various strategic initiatives include developing effective and innovative solutions and moving our business on to Industry 4.0. One of our most important projects is the construction of our largest industrial site in Italy, EVO, in which Bonfiglioli has invested 60 million euros. Completely sustainable with zero impact on the environment, this plant will offer a production capacity of 800,000 units per year and will employ 600 workers.
BONFIGLIOLI SOLUTIONS TO KEEP THE WORLD IN MOTION
Thanks to over 60 years of experience by our customers’ sides, today we are able to anticipate their needs and adapt perfectly to their requirements. Offering a complete solution to allow customers to increase the efficiency of their applications is our number one goal. We make over 1.5 million products a year for more than twenty different areas of industry, focusing on industrial processes and automation. Our extensive range of gearboxes, gearmotors, electric motors and inverters offers customers the opportunity to benefit from exceptional technical characteristics and superb performance in all industrial applications.
DISCRETE MANUFACTURING & PROCESS INDUSTRIES

MAIN SECTORS WHERE WE PROVIDE EXPERTISE

- MATERIAL HANDLING
- WASTE WATER TREATMENT
- BIOGAS
- PACKAGING
- RECYCLING
- FOOD, BEVERAGE, AND TOBACCO
- RUBBER AND PLASTICS
- MINING
- METAL PROCESSING

OTHER SECTORS:
- ACCESS CONTROL
- ASPHALT & OTHER AGGREGATES
- COMMERCIAL HVAC & REFRIGERATION
- LOGISTICS & STOCKING SYSTEMS
- METAL PROCESSING & MACHINE TOOLS
- OIL & GAS
- POWER GENERATION
- STONE, CLAY & GLASS
Our mechatronic solutions for industrial automation deliver the highest possible level of precision, efficiency and energy optimization. These solutions include precision planetary gearboxes, servomotors, open and closed loop inverters, servo inverters and regenerative inverters. Our mission is to guarantee improved profitability by acting as a riskless partner and a provider of energy-efficient solutions in the field of industrial automation.
MECHATRONIC & MOTION SYSTEMS

MAIN SECTORS WHERE WE PROVIDE EXPERTISE

- MATERIAL HANDLING
- FOOD, BEVERAGE, AND TOBACCO
- PACKAGING
- RUBBER AND PLASTICS
- MINING
- TEXTILE
- WOOD PROCESSING
Bonfiglioli supplies **final drives with the widest torque range on the market, from 1,000 to over 3 million Nm.**

By co-engineering wheel, track, slew, winch, concrete mixer and other drives with our customers, we can meet all the market’s needs for mobile machinery applications.
MOBILE SOLUTIONS

MAIN SECTORS WHERE WE PROVIDE EXPERTISE

- CONSTRUCTION
- MINING
- EARTH MOVING
- AGRICULTURE
- FORESTRY
- DRILLING
- MATERIAL HANDLING
- MARINE AND OFF-SHORE
- ROAD CONSTRUCTION
A market share of over 30% in wind turbine drives and supplies to leading global players makes Bonfiglioli the undisputed leader in the wind industry. Four of our fourteen production plants, based in Italy, India, China and Brazil, are dedicated to serving the wind industry and its customers all over the world.

Bonfiglioli products are continuously being optimized to improve wind turbine performance for off-shore and in-land applications, without increasing size and weight. Our team also strives to improve end-user experience by minimizing maintenance costs through the development of innovative solutions like double (mechanical and electrical) control solutions for more precise monitoring of the turbine system.
WIND SOLUTIONS

APPLICATIONS

- SMALL WIND TURBINE (UP TO 200KW)
  - YAW DRIVE
  - PITCH DRIVE
  - MAIN GEARBOX
  - YAW GEARBOX MOTOR INVERTER
  - PITCH GEARBOX MOTOR INVERTER
  - REGENERATIVE INVERTER

- IN-LAND & OFF-SHORE (UP TO 8MW)
  - YAW DRIVE
  - PITCH DRIVE
  - MAIN GEARBOX
  - YAW GEARBOX MOTOR INVERTER
  - PITCH GEARBOX MOTOR INVERTER
  - REGENERATIVE INVERTER
Bonfiglioli is leading the trend toward **hybrid and electric technologies** in order to provide more **energy-efficient solutions**, reducing noise and harmful emissions. Our ground-breaking developments have established us as a **true leader in sustainable technology** and projected us towards new, high-tech business horizons.
ELECTROMOBILITY
SOLUTIONS

MAIN SECTORS WHERE WE PROVIDE EXPERTISE

- CONCRETE MIXERS
- FORKLIFTS
- MATERIAL HANDLING EQUIPMENT
- LIGHTWEIGHT VEHICLES
- AGRICULTURAL & FORESTRY EQUIPMENT
- AIRPORT GROUND EQUIPMENT
THE BONFIGLIOLI WAY TO EXCELLENCE
R&D is Bonfiglioli’s driving force.
Our in-house R&D team develops breakthrough, mechanically and electrically integrated technologies that change the way companies do business. Every day, Bonfiglioli strives to exceed conventional limits and to deliver reliable, efficient solutions capable of supporting our customers’ growth.
Our various centers of excellence are preparing for the next 60 years by focusing on the short-term development of existing products and on long-term innovation.
Over 150 mechanical and electrical engineers work alongside customers to co-engineer products that help prevent downtime, increase efficiency and reduce energy consumption with a view to growing their business.

**Collaboration with universities and research centers** around the world gives us the opportunity to work with brilliant young minds on new approaches to product development and improvement.
Bonfiglioli has globalized production over the years. Today, we operate 14 manufacturing plants around the world to serve customers in local markets more effectively. Our plants in Italy, Germany, USA, Brazil, India, China, Vietnam, and Slovakia form a truly efficient distribution network.

**Excellence is our number one priority.**

We use the latest technology to overcome new challenges and to optimize our daily production. Bonfiglioli is fully committed to a more sustainable workplace and supports various local initiatives.

Every Bonfiglioli employee pays the **closest attention to even the smallest details** to ensure that our customers benefit from unrivaled quality.
MANUFACTURING
TOP QUALITY PRODUCTS

SHARING THE VALUE OF OUR WORK WITH YOU

Our team is fully dedicated to continuous improvement in the fields of quality, safety and the environment, across the entire value chain, from the smallest supplier to the end customer.

Bonfiglioli management systems are certified to ISO 9001:2015, ISO 14001:2015 and OHSAS 18001:2007 while our products are covered by 7 international certifications.

Responsibility, excellence and continuous improvement are the basic elements that make us the preferred partner for our customers and suppliers.

BONFIGLIOLI GLOBAL
SOCIAL RESPONSIBILITY
We have one other strong global commitment, and that is to the world’s youth. Bonfiglioli supports various projects to create opportunities for young people. We strongly believe that a better future is possible through education for all.
In 2017 Bonfiglioli achieved **808.4 million euro** of turnover confirming its position as a global leader in power transmission and control for a wide range of applications.

We continue to grow year after year. Our financial strength is due to an extensive product range and diversity in the markets we serve, as protection against decline in any one area.

Today we are a consolidated group of companies, with **21 directly controlled subsidiaries in 15 countries**, **14 production plants**, **over 3,700 employees**, a sales network in **80 countries** and a position of leadership in all the sectors we serve.
BONFIGLIOLI TURNOVER (EURO / MILLION)

2017: 808.4
2016: 788.9
2015: 730.1
2014: 653.9
2013: 613.8
